DAILY SENTINEL.

RECONSTRUCTION—THE COMING TERRIBLE REVOLUTION IN THE NORTH AND WEST.

There is no longer a necessity for theorists in giving an analysis of the political condition of the country. We now have the clear mathematical facts to prove that the one great card of the social destructionists is the Negro. It matters not how fearful a condition of affairs may be inaugurated by the Radicals, they have but one aim, and that the preservation of their power at any cost. They cry, "Up with the negro!" "Down with the white man!" "Long live barbarism!" "Death to civilization!" They open a war of caste—the bloodiest, most dreaded and most unrelenting of all wars. Already the whites at the South are forced to opposition against the negro in the contest that stares them in the face. Now their last hope is that the intelligent conservative element of the North will come to their rescue. How much this is needed let the figures show. The late election returns, showing the immense negro element in power, are as follows:—

	Radicals.			
	Black.	White.	Conserv.	Total.
Alabama,	15	80	4	100
Virginia,	25	43	37	105
Louisiana,	40	56	2	98
Totals	81	179	43	303

The returns from the last two States are not yet quite exact, but the above table is very approximate. It will be seen by this that the black power is becoming a fearful one in the hands of fanatical politicians.—This, however, is but the first cloud that precedes the hurricane. Georgia has her election to-day, and has a registered majority of only one thousand eight hundred and eighty six whites. The Florida election of forty six black delegates to a State Convention will give thirty-six blacks. Nine-tenths of the delegates to the Mississippi Convention, on the 5th. of November, will be Radicals.

In the States of Alabama, Virginia and Louisiana, as we have shown, the blacks carry over one-fourth of all the representation at the State Conventions, while one hundred and seventy nine white radicals—nearly two-thirds of the whole number of delegates—bound on the barbarians. Four millions of negroes, in all, now assail the stability of the government. They are armed with the vote—the weapon that Congress, by unwise legislation, has put into their hands. This vote will give them such a power as will yet make the nation reel. In common with ignorance, wherever found in the world's history, the negro will seek a division of property; for he has as yet no idea how property is acquired. New and fanciful ideas of his rights will find place in a brain already gone mad in too rapid an elevation. Let his ignorance force a measure to the surface, despite the common sense of the country in opposition, and what can prevent its becoming a law? That these are no idle speculations the late election returns too well show. Strange anomaly! We were never willing that the Southern white should legislate for the North, but are willing that the late Southern slave, representing the most conceentrated element of barbaric ignorance on the whole Western Continent, should shape our future. There are two courses to choose—European civilization and African barbarism. The radicals have apparently chosen the latter, and by their action they now absolutely force the white civilized element of the South to appeal to that first law of nature, self preservation. How well the whole South appreciates this is best shown by the numerous extracts which we are constantly publishing from the Conservative Southern papers, which calmly calculate the force of the coming black invasion.—They see the approach of a war of caste in which, after an exhaustive and terrific struggle, the black will disappear and the white be left nothing but a remnant of its present number.

Says the Richmond *Whig* of October 26, speaking of the late election:—"Against these things we made what resistance we could, and made it in the spirit of men who are contending for life, for liberty, for property and whatever else is valuable."

The Lynchburg *Virginian* says:—"Let it be developed at once what negro suffrage means. The farther the revolution goes the more violent will be the recoil. The North will not believe until they see; and they will see when the Southern elections are finished." This is undoubtedly true, and the disgust which already gives evidence of its presence in the North will be in a short time irresistible. Negroes will, under the radical programme, soon take their seats in Congress and shape the laws.

Negroes, by voting for any measure in a mass, immediately draw a distinction in race that forces the whites, for their own protection, to also band as a unit. This is the point of revolution to which we are rapidly marching. It is shown mathematically by the elections, and indicates a war of caste, unless it is wisely checked by the North. The North, then, to the rescue!—We saved the nationality once from the attack of the master, but we have to save it now from the more dreaded attack of the former slave.—*N. Y. Herald.*

GOVERNOR WILLIAM RICHARDSON DAVIE, THE THIRD GRAND MASTER OF MASONS OF NORTH CAROLINA.

This eminent citizen and Mason of North Carolina, and an honored leader of the popular mind in our Revolutionary struggle, was born at Egremont, near White Haven, England, June 20, 1756. His father brought him to America when he was but five years of age, and, on his return, left him with his maternal uncle, Rev. William Richardson, of South Carolina. At a proper age he was placed under the care of Dr. Witherspoon, of the College of New Jersey, at Princeton where he was graduated in 1776, a few weeks before Washington and his broken army passed through there in their flight toward the Delaware.

Young Davie returned to North Carolina resolved on becoming a soldier. Not then obtaining a commission, he went to Salisbury and studied law, supposing the war would not continue many months. Young Davie became restive, and he induced a popular friend to raise a troop of dragoons, of which the fledgling hero was made lieutenant. They marched toward Charleston, and the command devolving on Lieut. Davie, he procured the attachment of his corps to the legion of Fort Pulaski. In that capacity he fought at Stono Ferry, in June 1779, where he was so badly wounded that he was confined for five months in a hospital.

In 1780, Davie was placed at the head of a legionary corps, with the commission of major from the Governor of North Carolina. He spent the last shilling of a bequest made by his lately deceased uncle and guardian in equipping this corps, and then went to the field to oppose the progress of the British troops toward the interior of the Carolinas. He nobly aided Sumpter in his operations in the vicinity of the Catawba, early in August, and was hastening to join the army of Gates, when it was defeated and dispersed near Camden. He was afterward with Rutherford at Ramsour's Mills, and nobly confronted the enemy at Charlotte, after a brilliant display of courage and skill at Wahab's Plantation. For his services during that campaign, he was rewarded with the commission of colonel commandant of the cavalry of North Carolina.

When Greene, the noble Masonic associate of Washington, took command of the Southern army, he appointed his brother, Col. Davie, his Commissary General. In all the important operations which followed, Davie was exceedingly efficient; and at the trying hour at Ninety-six, in the summer of 1781, Greene sent Col. Davie to present the condition of his army to the Legislature of North Carolina. He performed the service well; and prospects of peace appearing in the autumn, he left the army, and married a daughter of General Allen Jones, in 1783, and in the town of Halifax, on the Roanoke, commenced the practice of law. In that pursuit he soon became eminent, and was chosen a delegate to the Convention which framed the Federal Constitution. In 1797, he was commissioned a Major-General of militia, and the next year he was appointed a Brigadier in the army of the United States. In 1798, he was elected Governor of the State of North Carolina, and was soon afterward appointed by President Adams an associate envoy extraordinary to France, with Ellsworth and Murray. After his return he went to reside at Tivoli, a beautiful estate on the Catawba river, in South Carolina. His wife died in 1803, and he remained in retirement until his own death, which occurred at Tivoli, in December, 1820, when he was in the sixty-fourth year of his age.

Governor Davie is believed to have been made a Mason in the "Royal White Hart" Lodge at Halifax; which had existed in Halifax from the year 1767, but whose labors were suspended during the war. In 1787, upon the return of peace, the old Lodges resumed work, and formed a Grand Lodge for North Carolina, of which Governor Davie became the third Grand Master, and in which office he continued until he became the French Ambassador, in 1799.

The famous "North Carolina University," at Chapel Hill, which has sent forth so many distinguished men and Masons into all the departments of life, is indebted to Bro. Davie as a founder and friend. As Grand Master, he laid the corner-stone, on the 14th. of April, 1798.

Two Lodges of North Carolina have borne his honored name; one in Lexington, the "William R. Davie" Lodge, and one in Bertie County, the "Davie" Lodge.

At home Gov. Davie was the friend of the distressed, the safe counsellor of the embarrassed and the peace-maker of all. He was the cement of the Lodge. He had a deep sense of God, and was a devoted Christian. No person approached him, however distinguished by his talents or character, who did not speedily feel that he was in the presence of a superior man. The ignorant and the learned, the weak and the wise, were all instructed and delighted by the irresistible charm of his conversation. In person he was tall and finely proportioned, his figure erect and commanding, his countenance possessing great expression, and a voice full and energetic.—He met death with the firmness of a Christian.—*National Freemason.*

CONSERVATIVE TICKET FOR THE CONVENTION IN WAKE.

HON. DANIEL G. FOWLE,
REV. BENNET T. BLAKE,
PRIESTLY H. MANGUM,
JESSE A. NORRIS.

PROPOSED STATE CONSERVATIVE CONVENTION.

It will be remembered that, when the suggestion of a State Convention of the Conservative, Constitutional Union men of the State was made, some time since, for the 16th of October, meetings were held in several Counties and delegates appointed thereto. It was generally considered, however, that the time intervening between the date of the suggestion and that recommended for the holding of the Convention was too short, and, consequently, the project was abandoned. Meetings have been held in several Counties since, and delegates appointed to such a Convention, whenever it should be deemed advisable for one to assemble. The opinion, therefore, seems to have been almost universal among our friends, that there was a necessity for such a Convention, within some reasonable period, for purposes of consultation and mutual advisement.

In view of these facts, the County Convention, which assembled in this city, on Thursday,—composed, as it was, of a large number of our best citizens from every section of the county,—resolved to take the initiative in this matter, and have recommended to their brethren throughout the State the holding of a State Convention, in this city, on Wednesday, the 11th day of December. If, therefore, the Conservative people of the State shall think proper to adopt the recommendation, ample time is afforded for action looking to a full representation of all the counties of the State.—The delegates heretofore selected will, of course, be considered as delegates to the proposed Convention, without involving the necessity of new meetings in the counties from which they have been appointed.

For ourselves, we heartily approve the suggestion that has been made. We thought, in the beginning, after giving the subject some reflection, that it would be preferable to hold the Convention *after*, rather than *before*, the elections in this State, for the reason that sentiment is so divided among our friends as to the proper policy to be observed in the elections, that it would have been impossible, probably, to have secured unity of action. By the time proposed, the elections in this State will have been held, and the result ascertained, and it will be necessary to arrive at harmony of opinion and combination of purpose, among all men in the State who are opposed to the spirit and purposes of Radicalism, in view of whatever exigency may then present itself.

What say our friends, then? Let us have the voice of the Press, and of the people in every county. Whatever is done must be done promptly.

THE PEOPLE'S TICKET.

We have not heard so general satisfaction expressed at the nomination of a ticket in this County, for years, as we have in regard to the nominations made on Thursday last, by the Conservative County Convention. Usually, no matter under what circumstances, when a ticket has been brought out heretofore, intimations have been thrown out that it was the work of the "*Raleigh clique.*" In this instance, the Conservatives of Raleigh forbore an expression of opinion, until the meeting of the Convention and until the views and wishes of the people of the County were consulted. Whatever might have been the personal wishes of individuals, they were all merged in the general desire to get the best ticket possible.

On a very short notice, the people of the County, from sixteen precincts, were here to express their views fully, and the singular unanimity with which they spontaneously concentrated, without any previous interchange of view, is highly gratifying. The unanimous call upon Judge Fowle from every precinct, after it was known that he had publicly declined to run, exhibits the strong hold he has upon the feelings of the people of Wake, and the unanimity with which the whole ticket was chosen ought to inspire each one of them with the disposition to forego personal considerations, and to go to work in earnest to secure the election of the ticket.

There is no time for delay,—no time to select others, with any hope of success, even if those chosen are disinclined to serve. We hope, therefore, that every man in the County, interested in the success of the cause of Conservatism over Radicalism, will put his shoulder to the wheel to elect the whole ticket. We hope that every man, especially, who has heretofore addressed the people, will make appointments to do so at once.

THE NORTHERN ELECTIONS.

On Tuesday next, the States of New York, New Jersey, Massachusetts, Delaware, Maryland, Illinois, Michigan, Wisconsin, Minnesota, Missouri, Kansas, and perhaps others, vote for State and Municipal officers.—The recent successes of the Democratic party in Connecticut, California, Maine, Pennsylvania, Ohio, Kentucky, Indiana and Iowa, afford good ground for hope that the re-action, which has so happily been begun, will go on, increasing in power and magnitude, until our glorious Constitution and the Union shall be restored and harmonized from Maine to Texas, and from the Atlantic to the Pacific,—until all discord and anarchy shall be quelched, and peace and prosperity again visit an united and happy people. God grant it hasten the day!

THE LEAGUES AND COLORED VOTERS.

Months ago, while the *furor* for joining the Leagues among our colored population was in its incipiency, we suggested that employers would do well to enquire into the character of these Leagues, and at once adopt the plan of refusing to employ any person connected with them, whether white or black. We regarded this as legitimate action. The Leagues were at least known to be *secret political organizations*, and, whatever might be the character of their written or printed formulæ, it was even then known that, in some of the Leagues, which were under the control of bad men, very pernicious and dangerous doctrines and principles were being inculcated, among the blacks particularly, either in the League meetings or by members of them outside. Many good men, innocent as to any evil design, both white and colored, were drawn into them. They were told various stories about them—that there was no danger in them—that they were only secret, like Masonry. But it is well known *what* Masonry is, though its secrets are not known. But who knows, except the Leaguers themselves, what is taught in these Leagues? Masonry has given to the world its ripe good fruits from time immemorial, but where are the good fruits of the Leagues? Who has been benefitted but the lazy, worthless white and black men, who have been sent through the country to form them? Are they not known to have done immense harm? Are not the Leagues so many slumbering volcanoes to convulse the whole nation and to bring upon it death and ruin?

What man knows, when he employs a Leaguer, that he is not nursing a scorpion in his bosom? Who knows that he is not paying a spy to watch over his whole conduct, to report it to his enemies? It may be said, "that our Constitutions and printed or written formulæ are approved by the great men of the land." What of that?—Nobody is afraid of what is written or printed. Masonry does not confine itself to what is written. Its secrets are only to be found in the unwritten traditions of the Order, and yet the world has never seen any evil in Masonry. It is the unwritten teachings and the secret principles and acts of these Leagues, controlled and managed by bad men, that contain the mischief. Good men and wise men of this country, at every period of this nation's history, have condemned and put down every secret political organization which has been formed, as pernicious and destructive to free institutions, after their evil tendencies have been discovered. We believe every friend of liberty and of the Constitution and the Union should rally to put down these Leagues, by all legitimate means.

THE BEST evidence that the moving and active spirit of the Radicals in this State is enmity to the white race, is the fact that prominent Republicans, like Mr. Goodloe, Mr. Dick, Mr. Settle, and others, have been abused by them, because they were not bitter enough against the white race. Worthless demagogues and adventurers, and Northern negroes, reign supreme with the ultra Radicals of the South.

A STATE CONVENTION of the Conservative men of South Carolina is to assemble at Columbia, on Wednesday, the 6th of November, for the purpose of embodying the views of the people upon the political issues of the day.

THE CONSERVATIVES of Robeson county have nominated Col. John Leach and Rev. Mr. Chaffin for the State Convention, if held. The Radical candidates are O. S. Hays and Joshua S. Nance. The Wilmington *Journal* says that Hays was one of Sherman's bummers.

MR. WILLIAM MURPHY, one of the most estimable citizens of Salisbury, died on Tuesday last, in the 56th year of his age. He was an enterprising Merchant and public-spirited gentleman.

A SINGULAR CLAIM.—It will be remembered that Secretary McCulloch some weeks ago received a package containing $19,000, a greater portion of which was in 7-30 bonds, with the numbers cut out, and the remainder in national currency. No letter or signature accompanied the money, but the envelope was marked Urbana, Ohio. The money was placed to the credit of the conscience fund, there being nothing to show from whom it came, and the fact that the numbers were cut out of the bonds proved that the former owner of them did not want to be known. On Wednesday last a letter was received from a party in Wisconsin, the post mark being Honey Creek. The writer claimed that he sent the money to be converted into other securities, such as the Secretary might think proper to send, and gave as his reason for sending no communication or signature with the money, that he was very sick at the time and not able to write. The officers of the Treasury are of the opinion that the letter is from some party who saw the publication that $19,000 had been received, and thinks he can claim the same. Detectives of the Treasury will look into the matter.—*Wash. Star.*

Dickens will sail for Boston on the 9th of November. Tremont Temple has been engaged for him, and reserved seats will sell for two dollars. The Boston *Advertiser* understands "that it is Mr. Dickens's invariable custom, when giving public readings, to devote himself entirely to it as a business, and to accept no friendly invitations which would tend to take up his time and distract his attention. It is quite likely that he will feel compelled to pursue the same course in America, and to decline without exception the offers of hospitality which will undoubtedly be extended to him from all sides.—This is, perhaps, unfortunate, for—not to speak of private disappointment—Mr. Dickens is an acute observer at all times, and our hotels are not the best places to study American character."

A young Hindoo named Roostumjee Burjoojie, only sixteen years old and son of a doctor in England, lately committed suicide by placing his head on the track of a railroad. Of course, he was instantly killed.—No cause is assigned for this act, except one cold-blooded rascal, that he could not bear the burden of his name. The jury however said that his mind was unsound.

Gen. Milroy made a speech in Winchester recently. The Winchester *News* asks:

"Wonder if Milroy called to beg Mrs. Logan's pardon for having stolen her elegant silver-ware? The fact is incontestible that he did perpetrate such a theft."

On motion of Seaton Gales, Esq., a Committee of six was appointed to report upon the business before the Convention, and the mode of procedure therewith; where upon,

The chairman appointed Messrs. Seaton Gales, G. H. Faribault, G. H. Alford, R. C. Badger, W. I. Busbee and R. W. Jeffries.

The Committee, after a short absence, returned and reported verbally through Mr. Gales, its Chairman, that nominations for candidates should be submitted in open meeting; that the delegates from the various districts, after conference among themselves, should, through the respective chairmen of the delegations, vote by ballot for four candidates,—each district being entitled to one vote; and that the four gentlemen having a majority of the whole number should be declared the nominees of the Convention.—The Committee also reported the following resolution for the consideration of the meeting, viz:

Resolved, That all those who are in favor of civil government under the Constitutional Union of our fathers and opposed to military rule; who are in favor of the supremacy of the white man and opposed to the supremacy of the negro, in the government of North Carolina; who are in favor of political equality between white men and opposed to the disfranchisement of any of them by the Constitution of this State; who are in favor of the Constitutional and legal protection of the lives, liberty and property of all the people of this State, without distinction of race or color, and opposed to the oppression of the persons, or the confiscation of the property, of any of them,—are cordially invited to unite with us in the election of truly loyal Constitutional Union men, as delegates to the ensuing State Convention.

The resolution and the verbal report of the Committee were unanimously adopted.

After nominations had been made, a balloting was held with the following result: Whole number of votes 16; necessary to a choice 9. Hon. D. G. Fowle, received 16, P. H. Mangum 15, B. T. Blake 14, J. A. Norriss 10, and several other gentlemen 2, 3 and 1 each. When

J. Q. A. DeCarteret moved that the nominations be made unanimous, which was done by acclamation, amid much enthusiasm.

On motion of M. A. Bledsoe, Esq., a Committee of three (on which the Chairman appointed Messrs. Bledsoe, Gales and Badger) was appointed to wait on Mr. Norris,—the only one of the nominees understood to be in the City,—and request his acceptance of the nomination.

Soon thereafter, Mr. Norris appeared and promptly accepted the nomination in a few pertinent remarks.

Loud calls from various parts of the House brought, respectively, to their feet, Messrs. Russ, Bledsoe, and Badger, and Col G. H. Faribault, all of whom made stirring and eloquent speeches, which elicited rounds of applause.

Mr. Badger offered the following resolution, which was adopted:

Resolved, That a Committee of five be appointed to inform the nominees of their unanimous nomination, and that the same Committee request them, in the name of the Constitutional Union men of Wake county, to accept the same and to canvass the county.

The Chairman designated, as the Committee, Messrs. Badger, Faribault, Bledsoe, J. A. Moore and Col. Russ; and on motion, the name of H. O. Parker, Esq., Chairman of this Convention, was added to the list.

The following resolution was adopted:

Resolved, That the Chairman of this Convention be requested to appoint a Committee of seventeen, who shall constitute an Executive Committee, having in charge the general interests of the cause in this county.

Resolved, That we recommend that a Convention of the Conservative Constitutional Union men of North Carolina be held in this city, ON WEDNESDAY, THE 11TH. OF DECEMBER, and that we appeal to our friends in every section of the State to take prompt steps to be fully represented therein.

LETTERS OF "ITINERANT."

WAYNESVILLE, N. C., October, 1867.

Leaving Morganton, with a sigh for the departing cushioned seats of the Western Railroad, one has but to resign himself to the jolts of the old fashioned "stagecoaches." There have been but few modern improvements in this land, in this mode of transit. The old coach is as slow as ever. It jolts as bad as ever. The seats are as hard as ever. It seems as though staging had but so far to go in America, and not another inch.—No softer springs can be devised—no smoother roads—no such thing as re-painting. Like Fredericksburg, Va., it is completed and no more can be done to it.

Ah! the thought of Bishop Atkinson's luxuries in England—seventeen passengers to two horses, and ten miles an hour at that—it is quite a contrast to four passengers to two horses, and three miles an hour. However, neither England, nor any other land, yields finer views than Western North Carolina, nor purer water, nor kinder people.

"THE WESTERN TURNPIKE."

To an Eastern man, the idea of a journey from Asheville to the Tennessee line is associated with rocks, up hill pulling, and all sort of hardships. His delusion is dispelled only when he finds himself gliding along over a smooth, hard and well graded road, affording a most delightful journey, a real pleasure drive.

The State caused a road to be constructed from Asheville to the Southwestern limits of the State, running through Haywood, Jackson and Macon. After leaving Murphy, the county seat of Macon, it forks, one branch going to Ducktown, Tenn., the other to the Georgia line. It goes through many a mountain gap, and many a valley, and if there be poetry in the soul of the traveller, the journey over this road will bring it out. It will make him a happier and a better man.

Col. Thomas, of Cherokee renown, wears the laurel of this road. He is said to have *engineered* it through the Legislature.

"GREENLEE'S."

I told you of Marion, I think, last year: the County seat of McDowell. Last year town lots went begging in Marion. Now there are but few in market. The reason is, plainly, that Marion lies on the route of the unfinished part of the Western N. C. R. R. *Then* this section was still and motionless. *Now* it is under contract, and laborers are busily at work cutting and filling. By the perseverance of President Tate, a good sum of money, either green or some other shade, has been put into the hands of the contractors; and hands are wanted, and many have been set to work, and the dirt is flying.—The Railroad fever is up very high in this region.

Just midway between Morganton and Asheville, stands a home for the traveller. Now and then one falls upon a place where travellers have been stopping for many a long year. No stage agent ever thinks of putting his horses anywhere else. There is a place for the hats and coats, for the smoker, and especially the supper table and the snow-white bed, that carry conviction to a tender heart, and make one think of old-fashioned hospitality. Many of your readers will remember Mrs. Barclay's. Mrs. Greenlee's is to the Asheville and Morganton Road, what Mrs. Barclay's was to the Raleigh and Fayetteville Road.

But will it last? As the sound of the steam whistle approaches, is it not strange how the old ways and customs vanish?—In the exit there go many, many things that the world suffers by losing. There comes in place of them a coldness and a stiffness that chill the very soul.

A NOVEL ASCENT.

The Western Extension of the North Carolina Railroad encounters a little mountain on its route to the Blue Ridge. But they get around it this way: The track is made to wind entirely around the mountain, ascending all the while, until, when the circle is made, the track crosses over the track below,—only it is, itself, now many feet above; then, on it goes with the cry of victory.

I have seen a Railroad in Pennsylvania, probably a hundred miles long, with but one Locomotive on it, and this one only running, say some five miles. A stationary engine is planted on the top of a hill, and the cars are drawn up by wire ropes. When the train gets to the top, it is let down the other side, by its own weight for miles, down hill; then it is drawn up by another stationary planted on the next hill, and on so to the end.

I have also seen another Railroad, in New York, cross a mountain in a novel way. The track runs up the side of the grade, say half a mile or more; then it switches off, and runs backwards, only up a little higher, in a zig-zag course, until it reaches the summit, and down the other side in the same way. This saves tunnelling, but not trembling.

"EXCITEMENT—WILD BEASTS IN THE BLUE RIDGE."

Those who have crossed the Blue Ridge, at Swannoa Gap, will remember how very distinct is the point or line of the top of the Ridge just where the road crosses.—The ascent from either side is steep, especially from the east. The road is very narrow. There is only a log cabin on the crest, but this is not occupied. It is a wild and lonely spot.

After passing over the Ridge and being absent some days, I had occasion to return to Summit. No little excitement prevailed. News had gone throughout the mountains, that quite a number of furious wild beasts had made their appearance on the Blue Ridge country, and that they were approaching the summit. A crowd had gathered at Swannoa Gap, and by the time your Correspondent reached the scene, men, women and children had gathered together. Great anxiety was written in each face.—The creatures were hourly looked for. What should be done? All stood huddled together, listening anxiously for information relative to the beasts.

The rumor was but too true. "Listen, that's a lion," says one, "sure enough!" It was a lion and no mistake. On they came! A little further and another roar. The hair stands on end. Nearer and nearer the furious creatures come. Flight is useless. What is a mountain but in the arms of a huge bear.

Now and then came first one and then another, at the mountain road, announcing that the news was true. "They will be here in five minutes," said a new comer, at last. The roaring evidently grew nearer and nearer. At last they came within rifle shot. The lion is in front. Behind him two or three dozen other beasts. The bear was foaming at the mouth. We determined to stand our ground and live or die together. On they came. Fortunately they did not see us at first—yet they were coming in a straight line to where we stood. Never saw I women behave better, when such creatures were so near—not a tear—not a shriek. Still all felt the occasion right upon us. On the creatures came. Slowly, but surely, right to us. There was no other road. They could go no other way.

At last they came within ten feet of us—at last the crest is gained—now is the crisis. What shall we do? All kept still as death. Every eye was wild with anxious expressions. At last they are upon us, when it is discovered that they were all in *red caps* and belonged to *John Robinson*!

A little male freedmen in those parts made a novel discovery about one of the animals. With eyes wide open and out of breath, he enquired of another of the fraternity: "Ben, did yer see de elephint?"—"No, whar he?" "Dar he go; see him Ben, got two tails, *one tail on he head.*"

Annual Communication of the Grand Lodge F. A. M. of North Carolina, on Monday, Dec. 2: D. W. Bain, Grand Secretary.

MAYOR'S COURT.—Wm. H. Putney, heretofore arrested by the military authorities for having made an assault, with a deadly weapon, on several citizens, on Tuesday night, during the alarm of fire, was on yesterday turned over to the civil authorities. After an examination before his Honor, Mayor Haywood, he was bound over, in the penal sum of $500, to keep the peace and to make his appearance at the next term of Wake Court.

POST OFFICE ACCOMMODATION.—Our preoccupied space, on yesterday, prevented our calling attention to the very excellent arrangements in regard to *envelopes* made by the Post Office Department, to which our notice was directed by the energetic Postal Agent of this State, Dr. Jobe.

The Department has caused to be prepared a variety of stamped envelopes of different qualities, containing on them post office stamps of different values, charging a small advance for the envelope. For instance, a package of twenty-five ordinary buff envelopes, with three cent stamps, are sold for 82 cts., making only seven cents for the envelopes. The different qualities, white and buff, with stamps as high as 40 cts., can be had to suit. In addition to this, business men can give an order for any number of a particular kind, and can have three or four lines printed on the end, without any additional price. Besides letter envelopes, covers for newspapers with the two cent stamp can also be had.

This avoids the necessity for the use of the ordinary stamp altogether, which often comes off or sticks in warm weather to other letters, causing letters to be sent to the P. O. Department at Washington, for the want of a stamp. The arrangement is a capital one.

PUBLIC SPEAKING.—We are requested to announce that, by request of the people of Nat. Jones' precinct, Capt. J. Q. DeCarteret will address them, at the usual place of meeting, on Tuesday next.

ANDREWS' OYSTERS.—Our friend, W. Robert Andrews, is now in daily receipt of the finest Norfolk oysters. We have tried them, and pronounce them "all right."—Don't take the word of a hungry printer, however, but call on Andrews and try for yourselves. They are sold at the exceedingly moderate rate of $1,25 per gallon.

COLORED CHURCH AND SCHOOL.—Perhaps a majority of our city readers are unaware that a very neat building has been erected in the North western part of Raleigh, in the vicinity of the Institution for the Deaf, Dumb and the Blind, which is used, under the auspices of the Rector of Christ Church, (Episcopal,) as a Parish School for colored children, and, also, we presume, will, in time, be used for ecclesiastical purposes.—It is quite a handsome Gothic frame building, and was constructed, we understand, at the expense of the Freedmen's Bureau. The builders were Messrs. Briggs and Dodd.

WAY FREIGHT.—We were gratified to learn, in a conversation with Hon. Josiah Turner, President of the North Carolina Railroad, that a tariff of way-freights has been established on his Road, which will soon be made public, reducing the freight to a very low figure on all articles raised or grown in the State and designed for our home markets. The object is to encourage our people to grow poultry, vegetables, &c., and to manufacture butter, cheese, &c., &c., for home consumption. This will give an impetus, we hope, to the culture of fruits, cabbage, Irish potatoes, butter, cheese, &c., and prevent the necessity of procuring such articles from the North.

PERSONAL.—We were gratified at receiving a visit on yesterday, from Mr. Drake, of the Statesville *American*. Mr. D. is one of our staunchest journalists and truest men, and we are always pleased to hear of the success of the excellent paper over which he presides.

THERE was quite a heavy sprinkling of snow in Petersburg, on Thursday.

AMERICANS LL. D'S.—In its University Intelligence, under date of October 12th, the London "*Times*" says.

"At a special congregation this day the Right Revs. C. P. McIlvaine, Bishop of Ohio; H. J. Whitehouse, Bishop of Illinois; T. Atkinson, Bishop of North Carolina; H. W. Lee, Bishop of Iowa; H. C. Lay, Missionary Bishop to Arkansas and the Indians; C. T. Quintard, Bishop of Tennessee, and J. B. Kerfoot, Bishop of Pittsburg, were admitted to the honorary degree of LL. D. Graces had passed the Senate for conferring this degree on all the American bishops who attended the recent conference at Lambeth, but only seven found it convenient to receive the degree to-day. The Senate House was well filled, considering the early period of the term, and the bishops, who were grand looking men, worthy of their country, were heartily cheered both by graduates and under-graduates, and seemed entertained at being greeted by the latter (in allusion to their doctor's robes) as the red-coated prairie men."

NEGRO CONTROL IN VIRGINIA.—Residing in this county and State, and in fact in all the western States, there are many families who have near relatives in the South. These relatives are now struggling for their liberty against hordes of ignorant and debased negroes, backed by the whole power of the Federal Government. A telegram from Virginia says:

"In Henrico county, Swan, Union League candidate, received only four white votes, but was elected."

We appeal to the white men of Madison county to give this infamous outrage a rebuke at the ensuing election. Remember that every vote for the Radical negro ticket is a vote to force and keep your southern neighbors under the control of ignorant and debased negroes. Every Democratic voter who stays at home in effect endorses the infamy. Let there be, then, a large vote in opposition and denunciation of this negro control.—*Alton (Ill.) Democrat.*

The Columbus, O., *Journal* says:

"The Republican party, as a party, believes in the *right* of every citizen to a consenting voice in the government. It is no mere privilege to be taken away at the whim of majorities, but an *inalienable right*, which can only be forfeited by natural or civil death."

The Reconstruction bill, therefore, is civil death, since it disfranchises a large number of citizens in the South. This is a good name, and we thank the *Journal* for its apt nomenclature. But after death, as the *Journal* knows, comes the judgement, and we bid it look for a speedy condemnation of that sum of iniquity.—*N. Y. World.*

The Louisiana *Baptist* gives an account of an attack on the owner of a plantation, on Black Bayou, by the negroes who had been engaged to work for him on shares. The negroes insisted on taking one-half of the crop instead of one-third, according to the terms of the contracts. Failing to obtain this, they assaulted him, when he shot four of them. The Federal officer, to whom he reported the facts, sent an armed force to the plantation. The negroes defied the troops, and finally attacked them, when six more of the negroes were shot down.

MORE WARNINGS.—The Richmond papers of yesterday contain accounts of further "notices to leave" served upon Conservative gentlemen of that city by the Radical Vigilance Committee. Of course no one regards them, but they are the none the less indicative of dangerous intent on that account.—It would not be surprising if we should have to call on the United States Government for troops to protect their military provinces from capture by the negroes. The plot thickens, and there is no foreseeing the end.—*Pet. Index.*

A Convention of colored men was held at Pittsburg, on Saturday night, to consider the results of the recent elections. It was declared that they saw no necessity for nominating Grant for President, and resolutions were passed recommending the freedmen to support Chief Justice Chase for the Presidency, but to stand by the choice of the Republican party at all hazards.

THE DIFFERENCE.—In Pennsylvania it is patriotic for Republican manufacturers to discharge their white employees who voted the Democratic ticket. In Virginia it is treason for a Conservative to refuse employment to the Radical who is seeking to destroy his very political existence.—*Pet. Index.*

GEORGIA.—It seems to be certain that the Convention in Georgia would have failed for want of a majority vote, if General Pope had not ordered the polls to be kept open three days, thereby, as the *National Intelligencer* says, enabling the negroes to vote under their numerous aliases and in various places.

Colonel Rose, president of the board of registration and superintendent of the late elections, will, we learn, be tried by a court-martial. The charges are embraced under "conduct unbecoming an officer and a gentleman."—*Richmond Dispatch.*

Harpers' Magazine for November, in an article on the Great Show at Paris, advocates miscegenation without scruple as a necessity. "We cold white folks of the North and Northwest, paling and ever paling, will one day need the reinforcement of this swart force, this warm genius, etc., etc."

LONG SESSION OF CONGRESS.—The proposition for a continuous session of Congress to the end of Mr. Johnson's term is favorably received by the Republican members who have been in Washington.

The Newburyport, Massachusetts, *Herald*, says: "There will be one thousand sermons preached in Massachusetts, we are told, on the Sunday previous to the election, in order to influence the voting on the following Tuesday."

The New York *Day Book* insists that the party which dubbed Mrs. Lincoln "our rosy Empress" should suppors her in the style they taught her to affect.

The election in Florida, by order of Gen. Pope, is to be held on the 14th, 15th and 16th days of November.

Judge Ludlow, of Philadelphia, has decided that to dazzle the eyes of people with a looking glass is equivalent to an assault and battery.

Mr. Beecher says President Lincoln's features looked like change travelers putting up together at an inn, rather than relations met in the family circle.

WASHINGTON, Nov. 1, P. M.

The Cabinet held a prolonged session to-day. All the Departments were represented.

Customs for the week ending on the 26th. were $2,307,000.

National Banks have no right to receive packages of valuable securities, plate, or other things for safe keeping under the power granted to receive deposits.

Revenue to-day $1,500 000.

The Supreme Court of the District of Columbia to-day denied a motion to amend the writs of error, submitted yesterday in the confiscation cases and over-ruled writs. The object of the writs was to carry the cases from the Supreme Court of the District to the District Court of the United States for the District of Columbia. The cases will be taken directly to the Supreme Court of the United States. It is probable, however, that they will be disposed of in another form before action can be taken, as recently in the Federal Supreme Court, the Attorney for the original owners entered suits of ejectment against purchasers at confiscation sales, which have matured and are now ready for trial. In disposing of these latter suits the whole question will be definitely settled.

The Clerks of all the Departments, who choose to go home to vote, have been tendered five days leave of absence.

John Minor Botts is here, and is despondent about Virginia. He says the negroes are forming co-operative societies, and their determination is not to work for the whites who have proscribed them, when labor is in demand.

It seems that the Executive has determined to withhold his Message and the Department Reports until the first Monday in December.

From 75 cts. to $4,00. Don't stop until you come to CREECH'S to buy your Hats. In fact, I think I can meet the expectations of all my customers and the public generally, both as to price and quality of ALL Goods.

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "luck again;" some say they have "hit the nail on the head;" some "selling out at cost;" some to "make room for a new stock;" some one thing and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock*, (while they are still hammering away over their old stock,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good.

I told the people to come to Creech's to buy their goods, that I would serve them right. Hundreds have come, and they are still coming from this and adjoining Counties. And I here take the privilege to say, I think they have shown their good judgment.

Don't forget to come to

DAILY SENTINEL.

SATURDAY, NOVEMBER 2, 1867.

A SENTIMENTAL DILEMMA.

BY OLIVER WENDELL HOLMES.

Now, by the blessed Paphian queen,
Who heaves the breast of sweet sixteen;
By every name I can on talk
Before my morning star grow dark;
By Hymen's torch, by Cupid's dart,
By all that thrills the beating heart;
The bright black eye, the melting blue—
I cannot choose between the two.

I had a vision in my dreams;
I saw a row of twenty beaux;
From every beam a rope was hung,
In every rope a lover swung:
I asked the hue of every eye
That backs such lovliness to die.
Ten shadowy lips said heavenly blue,
And ten accused the darker hue.

I asked a matron which she deemed
With fairest light of beauty beamed;
She answered, some thought both were fair—
Give her blue eyes and golden hair.
I might have liked her judgment well,
But as she spoke she rang a bell,
And all her girls, new small nor few,
Came marching in—their eyes were blue.

I asked a maiden; back she flung
The locks that round her forehead hung,
And turned her eye, a glorious one,
Bright as a diamond in the sun,
On me, until beneath its rays
I felt as if my hair would blaze;
She liked all eyes but eyes of green;
She looked at me; what could she mean?

Ah! many lids Love lurks between—
Nor heeds the coloring of his screen;
And when his random arrows fly,
The victim falls, but knows not why.
Gaze not upon his shield of jet,
The shaft upon the string is set:
Look not beneath his azure veil,
Though every limb were cased in mail.

Well, both might make a martyr break
The chain that bound him to the stake;
And both, with but a single ray,
Can melt our very hearts away;
And both, when balanced, hardly seem
To stir the scales, or rock the beam;
But that is dearest, all the while,
That wears for us the sweetest smile.

FLOWERS.—Years ago, when I traveled in the West, there were hotels there which they called houses of entertainment. There was a choice between these hotels and the barns; but it usually lay with the barn. I used to ride frequently several hours rather than take the first that I met. I watched for houses with flowers in the window. I looked for houses that had something of a yard. For when I found a flower, I found a woman that loved flowers, I found a woman that had a natural element of refinement about her. There was something beautiful in her. Now, the flower was not merely a flower to me—it was the sign of a person that had a certain kind of disposition.—[Beecher.

CHILDLIKE.—I am glad the world is full of children. To me earth, with all its other charms, were a gloomy waste without them. I love to feel as a child. There is no solace in affliction so sweet as the sympathy of children; there is no music so enchanting as their unaffected, joyous laugh. I am never so happy, and the gentle spirit of humanity never breathes so fruitly and cheeringly into my heart, as when I am surrounded by a company of affectionate, merry children.

A remarkable evidence of presence of mind was recently given in France. Monsieur J—— was talking with his mother-in-law at her country chateau, when a streak of lightning almost literally reduced her to ashes. The domestics ran into the room, when, without moving a muscle, Monsieur J—— said: "John, sweep up my mother-in-law."

Dr. Adam Clarke, who had a strong aversion to pork, was called upon to say grace at dinner, where the principal dish was a roast pig. He is reported to have said: "O Lord! If thou canst bless under the gospel what thou didst curse under the law, bless this pig."

LIFE INSURANCE COMPANY.

ASSETS $7,000,000.

THIS COMPANY ISSUES TEN YEAR NON-FORFEITING ENDOWMENT POLICIES, contracting to pay the amount insured at death or the specified time.

An endowment policy presents the double attraction of providing for one's family or other dependents, in case he should be cut off before a specified age, or of securing to himself independence, in case he attains the age. Thus insuring for ten years, a note for one half of the cost will be taken by paying six per cent interest.

This plan gives, in addition to all the advantages of life insurance, a safe and convenient INVESTMENT for one's savings, till they have accumulated to a definite amount; which he receives in one sum at the specified time.

Gen. Canby's Election Order.

HEADQ'RS SECOND MILITARY DIST.,
CHARLESTON, S. C., Oct. 19, 1867.

General Orders No. 101.

By the terms of the Act of Congress entitled "An Act to provide for the more efficient government of the reb-l States," passed Mar h 2d, 1867, and of the Acts of March 23d, and July 19th, 1867, supplementary thereto, —it is made the duty of the Commanding General of this Military District to cause a registration to be made of the male inhabitants of the State of North Carolina, of the age of twenty-one years and upwards and qualified by the terms of said Acts to vote, and after such registration is complete, to order an election to be held at which the registered voters of said State shall vote for or against a Convention, for the purpose of establishing a Constitution and civil government for the said State, loyal to the Union, and for delegates to said Convention — and to give at least thirty days' notice of the time and place at which said election shall be held; and the said registration having been completed in the State of North Carolina, It is ordered:

First, That an election be held in the State of North Carolina, commencing on Tuesday, the 19th day of November, 1867, and ending on Wednesday, the 20th day of November, 1867, at which all registered voters of said State may vote "For a Convention," or "Against a Convention," and for delegates to constitute the Convention—in case a majority of the votes given on that question shall be for a Convention, and in case a majority of the registered voters shall have voted on the question of holding such Conventions.

Second. It shall be the duty of the Boards of Registration in North Carolina, commencing fourteen days prior to the election herein ordered, and giving reasonable public notice of the time and place thereof, to revise for a period of five days the registration lists, and upon being satisfied that any person not entitled thereto has been registered to strike the name of such person from the list; and such person shall not be entitled to vote. The Boards of Registration shall also, during the same period, add to such registers the names of all persons who at that time possess the qualifications required by said Acts—who have not already been registered.

Third. In deciding who are to be stricken from or added to the registration lists, the Boards will be guided by the law of March 2d, 1867, and the laws supplementary thereto, and their attention is specially directed to the Supplementary Act of July 19th, 1867.

Fourth. The said election will be held in each County or District at such places as may hereafter be designated, under the superintendence of the Boards of Registration as provided by law, and in accordance with instructions hereafter to be given to said Boards in conformity with the Acts of Congress and as far as may be with the laws of North Carolina.

Fifth. All Judges and Clerks employed in conducting said election shall, before commencing to hold the same, be sworn to the faithful performance of their duties, and shall also take and subscribe the oath of office prescribed by law for officers of the United States.

Sixth. The polls shall be opened at such voting places at eight o'clock in the forenoon, and closed at four in the afternoon, of ea h day, and shall be kept open during these hours without intermission or adjournment.

Seventh. No member of the Board of Registration, who is a candidate for election as a delegate in the Convention, shall serve as a Judge at the election in any County or District which he seeks to represent.

Eighth. The Sheriff and other peace officers of each County are required to be present during the whole time that the polls are kept open, and until the election is completed; and will be made responsible that there shall be no interference with Judges of elections, or other interruption of good order. If there should be more than one polling place in any County, the sheriff of the County is empowered to make such assignments of his deputies, and other peace officers, to the other polling places, as may, in his judgment, best observe the purposes of quiet and order; and he is further required to report these arrangements in advance to the Commander of the Military Post in which his County is situated.

Ninth. Violence, or threats of violence, or of discharge from employment, or other oppressive means to prevent any person from registering, or exercising his right of voting, is positively prohibited, and any such attempts will be reported by the Registrars or Judges of elections to the Post Commander, and will cause the arrest and trial of the offenders by military authority.

Tenth. All bar rooms, saloons, and other places for the sale of liquors by retail, will be closed from 6 o'clock of the evening of the 18th of November, until 6 o'clock of the morning of the 21st of November, 1867, and during this time the sale of all intoxicating liquors at or near any polling place is prohibited. The police officers of cities and towns, and the sheriffs and other peace officers of Counties, will be held responsible for the strict enforcement of this prohibition, and will promptly arrest and hold for trial all persons who may transgress it.

Eleventh. RAILROADS.

ATLANTIC & N. C. RAILROAD

AND

NORTH CAROLINA

GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the ATLANTIC & N. C. RAILROAD. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $250,000 per annum.

Under a resolution of the Stockholders of the N. C. Railroad, all Freights are to go via Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are sixty sixty miles from the shipping point, instead of one hundred and sixty six Weldon, and eighty six Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE have recently agreed to unite in a

GREAT THROUGH LINE

Rates to all the Northern Markets, on equal terms and charges, via our own ports to and from the North.

Cars run through to all points without breaking bulk.

For information about shipping, apply to Messrs.

WHEDBEE & DICKINSON, Baltimore.
COCHRAN, RUSSELL & CO., Philadelphia.
BAKER BROTHERS, Boston.

TO SHIPPERS,

NORTH CAROLINA

ALL STATE

RAILWAY LINES, (THAT USED TO BE!)

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the *ten Thousand* Shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NOTICE!

The Great Inland Air Line Freight

R O U T E,

Via THE RALEIGH & GASTON RAIL ROAD,

is the Short Line for Shippers, and you are requested *so to direct your Freights*, or they will be taken by another Route!

To Insure your Freight being carried over this *Great* Inland Air Line safely, direct your consignors to mark your Freight, Care of Rail Road Agent, Portsmouth, Va., or City Point Va., *via Raleigh & Gaston Rail Road*, and to ship as follows:

FROM BOSTON:

Merchants' & Miners' Line, *end at* Central Wharf, E. Sampson, Agent.

FROM NEW YORK:

THE FIRE EXTINGUISHER.

This Portable, Self-Acting Fire Engine

IS OFFERED TO THE

Public as a ready, certain and speedy means of preventing LARGE CONFLAGRATIONS.

Until the invention of the

Portable, Self-Acting Fire Engine,

Fires have been met by means too slow, too late and too cumbrous. But few persons in this country have the advantage of large Hand or Steam Fire Engines, and those few often suffer a total loss of their property by reason of the great length of time consumed in sending for and getting them into working order.

BUT NOT SO WITH THE FIRE EXTINGUISHER,

which being kept charged and standing in your House, Store or Factory, is always

Ready for Instant Service.

The fire can be extinguished and your property saved without loss or damage, or even an alarm of Fire.

The first few minutes of conflagration decide the fate of the property; "a little fire is quickly put out, which, being suffered, rivers cannot quench."

THE EXTINGUISHER, being very simple in its operation, and entirely self-propelling, requires no previous skill or practice to operate it, and being so light, portable and self-acting, is capable of being used in any place, by any person, male or female.

It puts out all fires, arising from whatever cause. You are saved from the immense water damage caused by large Engines.

You can effect insurance on your property

At Lower Rates,

if protected by the Extinguisher.

The Extinguisher is no humbug, as thousands of good men in Europe and America will testify. I have already put these little Engines into some of our best Factories and largest Schools in N. C.

No House, Store, Factory or Corporation is safe without them.

The price is as nothing, compared with the protection they afford.
